

ORMEDIC®

sheer pink lip enhancement complex

product

This limited edition sheer pink lip enhancement complex is specifically designed to enhance the appearance and volume of lip contours. This ultra-hydrating, powerful polypeptide lip enhancement complex will add up to 40% of moisture volume with repeat usage. Diminishes the look of fine lines and soothes dehydrated lips. Use of product will complement and enhance the effects of professional dermal fillers. Paraben free.

skin type

All skin types, dry/dehydrated lips

benefits

Anti-aging polypeptide lip complex that visibly reduces the appearance of fine lines. Helps keep lips hydrated in the morning and evening while adding volume to the lips. Anti-aging benefits increase with continued use.

directions

Apply to lip area morning, evening and as needed.

pro tip

Use post injectables to hydrate soothe and enhance

key ingredients

Palmitoyl oligopeptide (Biopeptide CL™)	A messenger peptide for collagen renewal, retinoic acid like activity without irritancy. In vitro collagen stimulation by 350% and stimulation of glycosaminoglycan synthesis by 146%
Persea gratissima (avocado oil), (organic)	A rich, nourishing organic oil. Contains high amounts of Vitamin E and essential fatty acids. An excellent emollient oil.
Ubiquinone	Super antioxidant, regenerates aging skin
Tocopherol (Vitamin E)	Antioxidant - derived from soy oil. Vitamin E has antioxidant effects, which help to support the stability of other ingredients (oil, fats).

available

- .25 oz retail
