biomolecular anti-aging radiance mask  
Anti-age - Brighten - Rejuvenate

## product

This next generation sheet mask is constructed from a unique, patented hydrogel technology, derived from red algae and carob tree and is designed to increase the delivery of active ingredients into the skin for the ultimate anti-aging benefits. The breathable, 3-D design traps moisture, helping active ingredients to penetrate deeper into the skin.

## skin type

All skin types, aging, pigmentation, tired, dull, fine lines and wrinkles, uneven skin tone.

## benefits

The unique, anti-aging hydrogel mask infuses skin with a fusion of volcanic water, brightening botanicals, peptides and antioxidants for the ultimate youthful appearance and radiance. Increasing hydration, reducing fine lines and wrinkles, brightening and rejuvenating skin

## directions

Gently cleanse skin prior to application. Remove mask from foil packet. Unfold, draping the mask gel-side down over the skin. Hold the upper part of the mask and remove the covering fabric slowly, leaving the mask in place. Position the hydrogel mask evenly by smoothing out air bubbles with fingers. Leave the mask on for 20-25 minutes until absorbed into skin then remove and discard. Mask cannot be reused. Gently massage remaining essence into the skin. Use 2-3 times per week.

## pro tip

Use as an add-on to any facial treatment or post microdermabrasion for a hydrating, brightening and anti-aging boost. The perfect travel companion to rejuvenate the skin.
