

I MASK

biomolecular hydrating recovery mask
Hydrate - Radiate - Regenerate

product

This next generation sheet mask is constructed from a unique, patented hydrogel technology, derived from red algae and carob tree and is designed to increase the delivery of active ingredients into the skin for the ultimate hydrating recovery. The breathable, 3-D design traps moisture, helping active ingredients to penetrate deeper into the skin.

skin type

All skin types, dry/dehydrated, sensitive, dull, post-treatment, post-chemical peel.

benefits

The unique, hydrating hydrogel mask infuses skin with a fusion of volcanic water, ginseng root extract, amino acids and antioxidants for the ultimate skin rejuvenation. Increasing hydration, reducing fine lines and wrinkles, brightening and rejuvenating skin. Lifts, brightens and hydrates skin after only one application.

directions

Gently cleanse skin prior to application. Remove mask from foil packet. Unfold, draping the mask gel-side down over the skin. Hold the upper part of the mask and remove the covering fabric slowly, leaving the mask in place. Position the hydrogel mask evenly by smoothing out air bubbles with fingers. Leave the mask on for 20-25 minutes until absorbed into skin then remove and discard. Mask cannot be reused. Gently massage remaining essence into the skin. Use 2-3 times per week.

pro tip

Use as an add-on to any facial treatment or post microdermabrasion for firming, brightening and deep hydration. The perfect travel companion to rehydrate the skin.
