

the MAX™

stem cell masque

product

Unmatched in its MAXimum concentration of state-of-the-art active ingredients, this luxurious facial masque rejuvenates, regenerates and revitalizes dull, aging skin. Formulated with multiple plant-derived stem cells, powerful peptides and natural botanicals to restore skin's youth and radiance. Paraben free.

skin type

All skin types, aging, loss of radiance.

benefits

Vectorize-Technology™ delivers a complex of encapsulated ingredients time-released up to 48 hours for a long lasting, intense effect. This ultimate Correction, Prevention and Nutrition weekly treatment combines multiple plant-derived stem cells with age defying peptides and natural marine plant-based tightening complex to smooth, hydrate, and leave the skin more radiant looking.

directions

Apply a thin layer to clean face, neck, chest and hands for 5-10 minutes. Gently rinse with warm water. Use 3-4 times per week for MAXimum cell rejuvenation.

key ingredients

CORRECTION	Vectorize-Technology™ (anti-aging complex)	Unique complex of active ingredients delivered into skin in a sphere. Prolonged effectiveness and deeper penetration into skin. Time-released up to 48 hours.
	Palmitoyl tripeptide-38 (Matrixyl® synthe'6™)	Wrinkle filler, evens out skin relief, promotes collagen production, 28% lifting effect, 31% reduction of wrinkle volume in subjects
	Acetyl octapeptide-3 (SNAP-8™)	Modulates muscle contraction thus preventing the formation of lines and wrinkles that are caused by repeated movement
	Palmitoyl tripeptide-1 (SYN®-AKE)	A messenger peptide for collagen renewal, retinoic acid-like activity without irritancy, in vitro collagen stimulation by 350% and stimulation of glycosaminoglycan synthesis by 146%
	Acetyl hexapeptide-8 (Argireline®)	BOTOX®-like inhibition of pre-synaptic muscle contraction, relaxes muscles of facial expression
	Algae extract (Pepha®-Tight)	Instant tightening effect, smoothes fine wrinkles, prevents oxidative stress, strengthens connective tissue by increasing the formation of collagen-1
PREVENTION	Plant-derived stem cells	An exclusive complex to combat and prevent aging effects on the skin
	Malus domestic fruit cell culture	Positive effect in vivo on human stem cell growth
	Vigna radiata extract	Protective effect against UV damage on human stem cells
	Leontopodium alpinum meristem cell culture	Protection against oxidative stress, protects DNA
	Roxisomes	Restores the DNA damaged by oxidative stress
NUTRITION	Photosomes	Reduces damage from sun exposure
	BV-OSC (tetrahexyldecyl ascorbate)	Oil soluble stable form of Vitamin C. Brightening, tightening and antioxidant capacity
	Actifirm® TS (centella asiatica extract, echinacea extract)	Reduces inflammation, natural botanicals that firm skin
	Skintightener® ST (macrocytis pyrifera extract)	A natural plant-and marine-based tightening complex that smoothes the skin making it more radiant looking
	Vitis vinefera (grape seed) extract	Antioxidant, moisturizing, nourishing properties due to high levels of linoleic acid, contains Resveratrol (potent antioxidant)
	Squalane	Hydration
